Dear Friends, Families & Community Business Partners,  
Each year BAMS PTSA Spends over **\$100 per student** to provide the necessary Programs, Resources, Supplies and Technology contributing to our children’s success at BAMS. We cannot succeed without your support. Last year we raised over **\$100,000!**

We focused our attention on our amazing teacher’s Professional Development: training in learning communities and supported them by purchasing new technology for classroom instruction. We continued to update our library with printing stations for all students, replaced old tables and chairs in classrooms, purchased chrome books for our Science Department, and increased budgets in all Departments.

Our 2020-2021 goal of **\$100,000** will support our school's focus on further growth of our extremely successful SWELL Program. This program is the foundation of our student’s ongoing academic development and enrichment. Due to Covid19, we are prepared to offer extra support to all students to ensure they remain on their academic path through the SWELL Program. A planner will be provided to all students to support the SWELL Program, as it is an integral part of its success.

The tools and programs supported by BAMS PTSA along with the amazing educational programs implemented at our school earned BAMS the high honor of becoming a **California Distinguished School!**
