

Good evening Shark Nation!

Tomorrow, Monday, November 27th we will be holding our **Mental Health Monday** Lessons. The Florida Department of Education **mandates** schools to provide annual instruction on the following topics per the Florida Statute and State Board of Education Rule: **K-12 Life Skill Education, K-12 Character Education Program, K-12 Substance Use and Abuse Health Education, K-12 Child Trafficking Prevention Education, and 6-12 Resiliency Education Lessons.**

After reviewing numerous products and venues, **The School District of Palm Beach County** is adopting a curriculum that was created by experts in the field. Contributors to the curriculum included licensed mental health therapists, crisis counselors, certified substance abuse prevention specialists, trauma -informed practitioners, experts in human trafficking, school counselors, special education experts, and educational researchers.

It is important to note, these lessons may evoke strong or difficult emotions for some students. Staff on campus, such as school counselors, co-located therapists and behavioral health professionals are available to support students in need. Each school has a plan in place, and students in need of support should let their teacher/lesson facilitator and parents know. For questions regarding the adopted curriculum or implementation timeline, please contact Kia Allen at kia.allen@palmbeachschools.org

Important testing note - **ELA and Math Retakes** are upon us again. We will be testing any Junior or Senior that has not met graduation requirements in either ELA, Math, or both. Algebra retakes will take place on Wednesday, November 29th and ELA testing will follow, taking place on Monday, December 4th. Both tests will start after first period. We have attached the students' locations for your review.

Semester Exams will take place the week of December 18th. The **schedule is attached** for you to review. **Semester Exams** are extremely important to a student's final semester grade or yearly final grade (EOC courses). **District semester exams** count for a large portion of the final yearly grade and **it is important that all students in EOC courses take their exams before the holidays** as they are excellent preparation for the actual EOC in the Spring. We will be offering some semester exam prep sessions after school so please stay tuned and be on the lookout for important ParentLink emails from teachers around these important prep sessions (Algebra, Biology, Geometry, and US History) If your child is sick then he/she should reach out to their teacher to schedule a make-up exam session. No exams can be taken before the exam window begins. Again, students should work with their teachers if they have conflicts or concerns.
