**Semester Exams** will take place the week of Monday, December 18. The schedule is attached for you to review. Semester Exams are extremely important to a student’s final semester grade or yearly final grade (EOC courses). District semester exams count for a large portion of the final yearly grade and it is important that all students in EOC courses take their exams before the holidays as they are excellent preparation for the actual EOC in the Spring. Information below on important prep sessions (Algebra, Biology, Geometry, and US History) for our semester exams. Students should take advantage of these sessions led by our **AMAZING** teachers. If your child is sick then he/she should reach out to their teacher to schedule a make-up exam session. No exams can be taken before the exam window begins. Again, students should work with their teachers if they have conflicts or concerns.

**Did you know that River teachers are the BEST?** One of the many examples of our teachers going above and beyond to help our students prepare for their important district midterms. . .
