

Good evening Shark Nation!

We are excited to honor our recent Aice Diploma recipients this Thursday at our 'Royal' Cambridge Aice Diploma Student Breakfast. All students invited should dress in professional attire.

Please join us for a **FAFSA presentation** on **Tuesday, January 30th** at **6pm** in the theater. Representatives from Florida Atlantic University's Office of Student Financial Aid and our school counseling department will share information regarding the new FAFSA application, scholarships, grants, loans, and more. **All parents and students interested in applying for financial aid for college and/or seeking the Bright Futures scholarship should** attend if support is needed.

**Save the Date** for our **Advanced Coursework Night** which will be held on **February 6th**. Current 9th-11th graders can hear more from our AP/AICE teachers and student ambassadors about our accelerated course offerings as we prepare for course selection next month.

We work hard to ensure you are informed but we can always do better. With your feedback celebrating what we do right and suggestions for improvement we can make Spanish River even better. The **School District of Palm Beach County** wants to hear from YOU! This year's **School Effectiveness Survey (SEQ)** measures the perception each stakeholder has in our schools. This information is vital to our school leaders to advance the mission of the school district - educate, affirm, and inspire each student in an equity-embedded school system. Academic excellence and growth, parental involvement, school climate, and many other topics are covered by the SEQ. The link to complete the SEQ is <http://l.sdpbc.net/zzhjx>. The window to complete the SEQ will remain open until February 9. We have attached a copy of the flier with QR code to assist you in locating and completing the SEQ.

As many of you are aware the School District has purchased **metal detectors** for all high school campuses. The metal detectors have arrived and we are receiving training and direction on their implementation. While we await the delivery and implementation of the detectors themselves, we have adopted a gradual approach to prepare our students for this addition to school safety at Spanish River. We began the process during this week by only allowing students on campus AFTER 6:45 am. Next week, we take the second step in preparation for these increased safety measures this week:

- The second stage will begin tomorrow, Monday, January 22. In addition to the campus being closed until 6:45 am, students will also need to have their badge on their person as they enter campus as they will be badged in at the entrance. Students that arrive prior to 6:45 am will need to wait outside the gates until our scanners are ready to scan IDs upon entrance.
- The third and final stage of implementation will begin when the metal detectors arrive and are put in use. That timeframe is TBD and will depend on when the scanners arrive.

Any student without ID can inquire with their Suites or main office to retrieve a replacement. Thank you for your cooperation and understanding as we seek to continue to maintain a safe and secure environment.

The **PTSA annual online fundraising auction** will take place **February 5 - 12, 2024** at [www.auction4sharks.com](http://www.auction4sharks.com).
